

Hi Patricia,

Thank you very much for today. The kids loved the field trip and learned a lot. They are really improving thanks to you. Unfortunately, the only subjects that I know like the back of my hand are aeronautics and mathematics. I wish that Kat and I could help them more here at home but I don't have a great combination of knowledge, patience, and teaching ability when it comes to the things they need to learn now. They'll be teaching me pretty soon. We thank you so much for all of your help. Have a great Thanksgiving!
